

To protect our patients and staff, anyone entering the office must wear a mask or face covering that always covers the mouth and nose through the entirety of the visit. This requirement does not apply to children under the age of 2, children unable to follow direction, and or individuals who are unable to wear face covering due to medical conditions.

## Face Covering Do's and Don'ts:

### DO:

- ✓ Make sure you can breathe through it
- ✓ Wear it whenever going out in public
- ✓ Make sure it covers your nose and mouth
- ✓ Wash after using

### DON'T:

- ✗ Use if under two years old
- ✗ Use surgical masks or other PPE intended for healthcare workers
